## WORK EXPERIENCE

### Software Engineer Xzen.Dev/Freelancing

10/2024 - Present Remote, Navi Mumbai

#### Achievements/Tasks

- **FreshFOOD - Front-End Developer (Shopify Rebuild)**  
Technologies: **Next.js, TailwindCSS, ShadCn UI**, Built a custom front-end from scratch for a Shopify e-commerce site. Next.js is used for fast load times and scalability and created a responsive UI with TailwindCSS and ShadCn UI. Collaborated with backend teams for seamless API integration. Cross-browser compatibility. [🔗](#)
- **Real Estate Front-End - (Figma to Next.js)** Technologies: **Next.js, TailwindCSS, ShadCn UI**, Converted a Figma design for a real estate project into a fully responsive and animated front-end using Next.js. Ensured seamless mobile and cross-browser compatibility to deliver a consistent user experience across devices. Developed custom components with ShadCn UI tailored to client specifications, enhancing interactivity and UI flexibility.

### Frontend Web Developer The Entrepreneurship Network [🔗](#)

07/2024 - 11/2024 Remote/Delhi

#### Achievements/Tasks

- **EdTech Platform (Pay After Placement Policy)**  
Technologies: **Next.js, MongoDB, Express.js, Node.js, Framer Motion, ShadCn UI**. Built a web app where students can browse and purchase courses to learn development online. Students can create accounts, enroll in courses, and join live sessions. Implemented secure login for both students and teachers.
- **RecruitIndo Clone - Comprehensive Hiring and HR Solutions Platform** Technologies: **Next.js, MongoDB, Express.js, Node.js, Framer Motion, and ShadCn UI**  
Developed a RecruitIndo clone with features like hiring developers, scheduling meetings, listing company courses, HR and PEO/EoR solutions, and a blog with student success stories.
